## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 – 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 1 recites the limitations "their top ends" and "their bottom ends" in lines 5 and 6. There is insufficient antecedent basis for this limitation in the claim. It is not clear what is being referenced. This renders the claims indefinite.

### ***Allowable Subject Matter***

4. Claims 1 - 18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The following is a statement of reasons for the indication of allowable subject matter: the prior art does not disclose or render obvious a magnet structure having a first pole positioned exterior of and adjacent to each side of the walls of the separation vessel and a second pole positioned above the separation vessel, in combination with the other elements of the claim 1.

### ***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
